## Non-Invasive Mesotherapy Courses

### *Elevate Your Expertise in Skin Rejuvenation*

The Non-Invasive Mesotherapy Courses at HeLa Academy are expertly designed to equip you with an in-depth understanding of photoaging and the latest non-surgical skin rejuvenation techniques.

Through a combination of online theory, practical skills, and scientific insights, you'll learn how to effectively treat signs of aging and skin concerns—empowering your clients to achieve radiant, youthful skin for you or your customers in cosmetic & aesthetics industry.

### **What You Will Learn?**

#### *Understanding & Treating Photoaging*

Identify key indicators of photoaging: sagging, wrinkles, enlarged pores, pigmentation, and dryness.

Learn targeted treatment strategies to restore skin health and vitality.

#### **Application of Meso-Cocktails - Course Training technique**

Gain the skills to select and apply tailored mesotherapy formulas for:

- Natural aging symptoms: fine lines, dull skin, loss of elasticity
- Pigmentation concerns: age spots, melasma, freckles
- Scarring and stretch marks: including post-acne and post-surgical scars
- Hair and scalp issues: hair thinning, uneven scalp texture
- Uneven skin tone and texture

### **Course Certification**

Upon successful completion, you will be awarded the HeLa Certified Mesotherapist qualification.

This industry-recognised certification enables you to offer cutting-edge, non-invasive aesthetic & cosmetic treatments with confidence and credibility.

# 1. 2 MESOTHERAPY

## NON - INVASIVE

*At HeLa Academy, all non-invasive mesotherapy treatments and training courses utilize mesoskinline products—an advanced Danish-German-Italian concept developed specifically for non-invasive skin rejuvenation*

### .Key Features of Mesoskinline:

*EU Certified: Produced under ISO9001 & ISO13485 standards*

Dermatologically Tested: Non-medical and safe for aesthetic use

Precision Formulated: Meso-cocktails tailored for specific skin concerns

### Effective on Multiple Skin Issues

*Superficial & deep wrinkles*

- Pigmentation (e.g., age spots, melasma)
- Stretch marks & skin laxity
- Hair thinning or loss
- Dehydrated or dull skin

### Professional Equipment Used

MESOpower Pen: Specially designed for non-invasive mesotherapy

Treatment Modules:

- Mesomodules – 0.5 mm
- Microneedling modules – 0.7 mm
- Microlifting module – 24 needles x 0.5 mm
- Durable & high-performance: built for frequent, professional use

### Equipment you will need on the course

The treatments on the courses can be performed with MESO POWER DEVICE MS-3 (which can be used for both permanent makeup and mesotherapy as well as microneedling and bb glow) or with mesoskinline's specially developed machine for non-invasive mesotherapy MESOpower Pen: These two machines are the most advanced on the market for non-invasive mesotherapy.

**Starter Kit (Included in Part 1)**

- 1 x Set MESOpower Pen kit
- 10 x 5ml Meso Fresh Vitamin
- 24 x 3,5 ml Meso Pure Peel
- 10 x Meso Anti-Age mask
- 1 x Meso Lift and Protect
- 1 x Meso Peel Melanin Kit
- 5 x 6 ml Meso Skin Perfector

## 2. 24 Face BB GLOW

### Meso Skin Perfector NON - INVASIVE

*This Course is a rejuvenating skin glow therapy that deeply purifies the skin by clearing and minimizing pores. It stimulates the regeneration of new skin cells, promoting a brighter, healthier complexion while reducing the appearance of aged or damaged skin cells.*

During the online course, you will gain comprehensive knowledge in the following areas:

- Application of well-known BB Glow products
- Introduction to pre- and post-treatment products
- Essential hygiene and safety protocols
- Aseptic and antiseptic techniques
- Work safety and sterilization standards
- Use of anesthesia during procedures
- Effective client consultation practices
- Overview of meso-serums available on the market
- Detailed aftercare guidelines

#### MESO SKIN PERFECTOR cocktails are:

Tested for non-invasive mesotherapy  
Dermatologically tested  
Made in Europe & CPNP Registered

#### THE PRODUCTS YOU LEARN TO WORK WITH

This course it is an effective anti-age and antioxidant mesotherapy cocktail for treating dehydrated skin with signs of ageing and lack of elasticity.

#### There three nuances of MESO SKIN PERFECTOR:

Light: for light skin tones | Natural: for rose skin tones  
Medium: for darker skin tones

#### YOU ALSO LEARN ABOUT

- Use of mesoskinline products and their ingredients and composition.
- Skin types , Hygiene , Healing and aftercare
- How long does the procedure last and top-up
- A globally certified course and CPD Certificate (necessary for insurance)
- All necessary support, correspondence and guidance during & after the course
- Starter Kit

*This course provides in-depth theoretical and practical training on non-invasive mesotherapy treatments specifically designed to combat hair loss in the scalp, eyebrows, and beard. Using innovative mesomodules (without microneedling), you'll learn to safely deliver hair growth mesococktails that stimulate hair thickness, length, and growth, suitable for men and women over 18.*

### The course includes:

Online theory lessons and exam covering mesotherapy principles and product knowledge.

Benefits include a painless, 20-minute treatment every 10 days over 4 months, applicable for various types of hair loss, and certification as an internationally recognized CPD Hair Growth Mesotherapist.

This non-invasive mesotherapy treatment can be performed by cosmetologists, beauticians, hairdressers, and mesotherapists. It's a safe, side-effect-free solution for men and women over 18, designed to address non-genetic hair loss or mitigate genetic hair thinning.

### Key Benefits:

- Quick and painless treatment: only 20 minutes every 10 days
- Non-invasive technique without microneedling
- Suitable for all types of hair loss, improving non-genetic loss
- Safe, side-effect-free solution for men and women over 18
- Understanding of product ingredients for treatment and home care
- Hands-on practical training available at academy locations in Denmark

### MESO HAIR LOSS CONTROL KIT

- 10 x vials of 5 ml
  - 10 x transparent pipettes
  - For 10 treatments
  - HS HAIR SUPPLEMENT (For the customer's home treatments)
- 
- 4 x packs with 60 tablets in each
  - For 4 months
  - TRICOCURE HAIR SERUM (For the customer's home treatments)
- 
- 4 x bottles of 25 ml
  - or 4 months
- TRICOCURE SHAMPOO AGAINST HAIR LOSS (For the customer's home treatments)
